For the information of taxpayers, we found this year that the Water System, (having been constructed in 1905, and therefore, being approximately twenty-eight years old), was in need of extraordinary repairs, such as a new fence, cutting trees, mowing shrubbery, cleaning up around and renewing pipes in reservoir; remodeling and rebuilding ine of the three intakes; a number of cases of renewing water service pipes, owing to the old ones being filled with rust, leaking etc; renewing one obsolete hydrant, for which no repairs could be obtained; painting hydrants, taking up and welding hydrants which had become leaky, etc.

These and other repairs too numerous to mention, have been completed and with few exceptions the System is in very good condition.

The last report received from the Vermont Department of Public Health, pertaining to sample of water drawn from tap, and submitted to them for analysis, says: "A wholesome water."

Respectfully submitted,

E. F. OSBORNE, Superintendent

# Report of Superintendent of Schools

---

To the School Boards and Citizens of the Essex District:

The organization of the Essex District remains as it has been for the past six years, consisting of eleven Essex County towns—Bloomfield, Brighton, Brunswick, Canaan, Lemington, Granby, Guildhall, Lunenburg, Maidstone, Norton and Victory and Charleston in Orleans County. Mr. W. A. Gleason of Island Pond is the District Chairman, and Mrs. Dora Monohan of Guildhall is the District Clerk. The staff for the year 1932—1933 consists of fifty-seven teachers.

Since my last annual report I have made about five hundred and twenty-five supervisory visits; I have attended such conventions and other meetings as the superintendent is required or expected to attend; with the assistance of Mrs. Stone I have endeavored to take care of at least the more essential details of office work; and I have driven on school business about twenty thousand miles.

At the beginning of the school year a district meeting was held at Bloomfield. This meeting was attended by nearly all of the teachers of the district and by a large number of the school directors. At this meeting addresses were made by Commissioner Bailey, Senator Dale, Deputy Commissioner Batchelder, State's Attorney K. T. Brown, and Mrs. Kelley, State Helping Teacher. A very valuable conference on reading methods was conducted by Miss Pansy Smith of Boston.

Local meetings of school boards and teachers have been held in several of the larger towns of the district, in which matters both of general and local importance have been discussed.

During October Miss Lucia Gilbert, under the auspices of the American Humane Education Society, visited the schools of the district, presenting an educational program which was a worth while factor of our program of character training.

The annual spelling contests will be held as usual during the winter and spring terms. The County Contests for Essex

and Orleans counties will be held on April 29, at Guildhall and Newport respectively. The State Contest will be held at Montpelier on May 13, and the National Contest at Washington on May 30. It has become necessary to withdraw state aid in the matter of transportation to the State Contest. The trip of the state champion to Washington will be financed as usual by the Burlington Free Press.

The standardization program in the Essex District is nearly complete. Only one entirely unimproved school is in use, and five other rural schools are incomplete. The other rural schools have been made standard or superior. In spite of the necessity of reducing expenditures repair work was carried on in four towns during the year, and further work on the incomplete buildings is contemplated for the ensuing year.

It should be borne in mind that it would be shortsighted economy to allow the repair program to lapse entirely during the years of financial depression. A program of carefully planned repairs will keep the improved buildings in good condition at very little expense, and will save money in the long run. Needed repairs should be attended to as they become necessary.

The superintendent's report is not the place for a discussion of salary reductions and other retrenchments. Those matters are in the hands of the school boards. It is not an easy or simple matter for a school board to attempt to meet the general demand for reduction of expenses, and at the same time maintain the schools at their present standards. However, boards are working with both situations in mind, and are trying to place school expenses on a basis that will materially reduce costs and at the same time not too seriously injure the school program. It must be kept in mind that a too drastic reduction in salaries and in supplies would result in injury that would be not only temporary, but which would be felt for many years to come. I find that through the district the consensus of opinion is that we should stand by the school program as generously as our financial situation will permit. Except for a few isolated instances I do not find the feeling that the school organization should be drastically curtailed or modified.

At the time of making this report the Legislature has not taken definite action on bills effecting school appropriations or organization. I do not anticipate any legislation which will seriously cripple the school program. I believe that we may confidently make plans for the ensuing year on a basis not radically different from our present schedule.

I want to suggest and urge communities to assume care of the local school grounds during the summer months. As a general thing school grounds take on an appearance of disuse and neglect after the close of school. I urge communities to organize committees, which may well consist largely of the pupils themselves, for the purpose of taking care of the school grounds during the summer. Grass might be mowed, weeds and bushes kept under control, and shrubbery and flowers cared for; and these things might be done at no expense other than a little labor. I shall request the teachers to try to organize such committees before the close of the spring term.

Respectfully submitted,

A. WILFRED STONE, Supr.

# Annual Town Meeting Warning

---

The inhabitants of the town of Brighton, who are legal voters in Town Meeting, are hereby warned to meet at the Opera Hall, in Brighton, on Tuesday, March 7th. A. D., 1933 at ten o'clock in the forenoon, for the purpose of acting upon the following business viz:

- Art. 1. To elect a Moderator for the ensuing year.
- Art. 2. To elect a town clerk for the ensuing year.
- Art. 3. To see if the town will vote to instruct the town clerk to deduct from the amount raised, the 5% it costs to collect the taxes, before this amount is apportioned to the several departments.
- Art. 4. To see if the town will vote to set wages and salaries of its town officers and employees at this meeting, and if voted, set the same.
- Art. 5. To see if the town will instruct the selectmen to arrange to cut the costs of electric street lighting at least 50%.
- Art. 6. To see if the town will vote to instruct its officers to hold in reserve 10% of their allotted appropriation as a reserve fund to be spent only on approval of the selectmen. Such monies as remain unexpended at the end of the fiscal year to be used to reduce the town indebtedness. Any indebtedness incurred by an officer of the town exceeding such officer's appropriation, shall be assumed by such officer.
- Art. 7. To see if the town will vote and authorize the overseer of the poor, in conjunction with the selectmen, to purchase or lease a wood-lot suitable to afford employment for those seeking town aid.
- Art. 8. To see if the town will vote that when a person is employed by the town, that one-half of each town order shall be held by the town and applied on taxes, until such indebtedness is removed.

- Art. 9. To determine in what manner the taxes shall be collected.
- Art. 10. To see if the town will vote to authorize the selectmen to appoint a road commissioner or commissioners, whether one or two of such commissioners to be determined by said vote.
- Art. 11. To hear and dispose of the reports of the various town officers.
- Art. 12. To elect all officers provided by law, including one water commissioner for the term of three years.
- Art. 13. To elect one Trustee to hold office for three years, said Trustee to be known as Trustee of the Brighton Water Bonds Sinking Fund.
- Art. 14. To take action upon the report of the Trustees of the Brighton Water Bonds Sinking Fund.
- Art. 15. To fix the compensation of the Trustees of the Brighton Water Bonds Sinking Fund, to be paid annually from the general funds of the town.
- Art. 16. To see if the town will vote to appropriate ten per cent of its highway fund for the building and maintenance of sidewalks.
- Art. 17. To see what sum of money over and above that required by law, shall be appropriated by the town for the enlargement of the Public Library.
- Art. 18. To see if the town will appropriate money, and if so, how much, for the proper observance of Memorial Day.
- Art. 19. To see what sum of money the town will appropriate for the compensation of the fire company.
- Art. 20. To see if the town will vote to raise a sum of money in addition to the amount required by law, to take advantage of the State Aid Law, and if so, how much.

- Art. 21. To see if the town will vote to appropriate a sum of money to lay out or construct a highway or pent-road to the "Hobson" cottage on the shore of the pond, at a place known as "Blueberry Point."
- Art. 22. To see what sum of money the town will vote to raise to defray the current expenses of the town, for the support of the poor, the support of the schools, the making and repairing of highways and bridges, the care of snow roads for the ensuing year, and to liquidate its present liabilities.
- Art. 23. To see if the town will authorize or direct the selectmen to refund the present outstanding town order and indebtedness, by issuing refunding bonds, in accordance with and as provided by the laws of the State of Vermont.
- Art. 24. To transact any other business that may legally be transacted at said meeting.

Dated at Brighton, this 21st day of February, A. D., 1933.
